Turf Tek
premium synthetic grass provider

Allure

Allure can be placed anywhere you need it. Its omega-shaped yarn blades are known for their diversity. Not only are they incredibly comfortable and retain their shape, but they also strike a perfect balance between softness and durability. The unique structure of the Omega shape deflects UV sunlight, preserving the color and keeping its surface temperature cooler.

Specifications:

Face Weight	56 oz
Total Weight	81 oz
Pile Height	1.77"
Yarn Color	Green, Olive
Thatch Color	Green, Tan
Tufting Gauge	3/8"
Primary Backing	7oz/yd² Double Layer
Secondary Backing	Urethane, 18oz/yd²
Yarn Shape	Omega
Fiber Type	Polyethlyene, Polypropylene Thatch
Fiber Mass	11,111Denierl 4,200 Denier Thatch
Fabric Construction	Tufted
